PUBLIC HEARINGS

The hearing provides opportunity for all concerned persons to speak; the hearing will normally be closed after all testimony has been heard. If you challenge a Commission decision in court, you will be limited to issues raised at the public hearing or in correspondence delivered to the Zoning Division, Community and Economic Development Agency, at, or prior to, the public hearing.

The Commission will then vote on the matter based on the staff report and recommendation. If the Commission does not follow the staff recommendation and no alternate findings have been prepared, then the vote on the matter will be considered a “straw” vote, which essentially is a non-binding vote directing staff to return to the Commission at a later date with appropriate findings and, as applicable, conditions of approval that the Commission will consider in making a final decision.

If you wish to be notified on the decision of an agenda item, please indicate the case number and submit a self-addressed stamped envelope, for each case.

Planning Commission decisions that involve “major” cases (i.e., major variances, major conditional use permits) are usually appealable to the City Council. Such appeals must be filed within ten (10) calendar days of the date of the announcement of the Planning Commission decision and by 4:00 p.m. An appeal shall be on a form provided by the Planning and Zoning Division of the Community and Economic Development Agency, and submitted to the same at 250 Frank H. Ogawa Plaza, Suite 2114, to the attention of the Case Planner. The appeal shall state specifically wherein it is claimed there was error or abuse of discretion by the Planning Commission or wherein their decision is not supported by substantial evidence and must include payment in accordance with the City of Oakland Master Fee Schedule. Failure to timely appeal will preclude you from challenging the City’s decision in court. The appeal itself must raise each and every issue that is contested, along with all the arguments and evidence in the record which supports the basis of the appeal; failure to do so will preclude you from raising such issues during your appeal and/or in court.

Any party seeking to challenge a final decision in court must do so within ninety (90) days of the date of the announcement of a final decision, pursuant to Code of Civil Procedure section 1094.6, unless a shorter period applies.

Interested parties are encouraged to submit written material on agenda items in advance of the meeting and prior to the close of the public hearing on the item. To allow for distribution to the Commission, staff, and the public, 25 copies of

all material should be submitted. Material submitted at least ten days prior to the meeting may be included as part of the agenda packet; material submitted later will be distributed at or prior to the meeting. To ensure that material is distributed to Commissioners, it should be received by the Commission.

Environmental Determination: The zoning text amendment is exempt, each as a separate and independent basis, under CEQA Guidelines Section 15061(b)(3) (the “General Rule” that CEQA applies only to projects which have the potential for causing a significant effect on the environment); Section 15307 (“Actions by Regulatory Agencies for Protection of Natural Resources”)—because the ordinance makes citing new telecom equipment subject to a more rigorous administrative and Commission-level review; Section 15183 (“Projects Consistent with a Community Plan, General Plan, or Zoning”). As a further separate and independent basis, the proposal relies on the previously certified Final Environmental Impact Report for the Land Use and Transportation Element of the General Plan, adopted 1998; the Oakland Estuary Policy Plan Environmental Impact Report, adopted 1998; the Final EIR for the 1998 Amendment to the Historic Preservation Element of the General Plan; the 2007-2014 Housing Element Final EIR certified in December 2010; and various Redevelopment Plan Final EIRs.
